## **Baird Value Focus Portfolio**

Wednesday, February 14, 2018 (12:15 - 1:00pm Eastern)

*(9:15am Pacific, 10:15am Mountain, 11:15am Central)*

The Value Focus Portfolio is built with the intent of helping our clients create and preserve wealth over time. We seek companies that trade at attractive discounts to their intrinsic value and offer favorable returns relative to the perceived risk of investing in them.

*The **Savvy Women Club** will explore the following themes:*

- The philosophy behind Baird's Value Focus Portfolio
- Why a contrarian approach to investing adds value
- How you can uncover value that has been overlooked by the market
