As a Senior Private Banker at TD Wealth Private Banking, I specialize in meeting the unique needs of health care professionals to deliver a tailored experience to my clients. I work in collaboration with some of what I believe to be the best financial professionals across TD to provide my clients with access to services ranging from investment advice, retirement planning, will/estate planning, business succession planning strategies and commercial and small business banking.

I am an experienced financial service professional with over 28 years of banking experience and will work with you every step of the way to help you achieve the goals of my clients and their families.

I am certified in retirement planning strategy, financial service advice and personal financial services advice. Throughout my time at TD I have been recognized four times as a top performer and for delivering exemplary client experiences.

In my spare time, I enjoy cooking, travelling and staying active. I am passionate about mindfulness and wellbeing, and I am working towards becoming a Yoga instructor. I also enjoy meditating.

Outside of work, I make a point to be active in my community, and volunteer with the Mississauga Food Drive. I also participate in a number of charitable walks and bike rides that benefit causes close to my heart. I am married with two children, and love spending time travelling.
