With over 10 years of customer service experience and 6 years in the banking industry, I am committed to helping you meet your financial goals and dreams.

Coming from a Bachelors of Economics background, I complete an in-depth discovery with my clients to learn what matters most. With applied knowledge and understanding, I strive to tailor recommendations best suited to meet my client's unique needs.

I started my career with TD Canada Trust 6 years ago and progressed through different roles from Customer Service Representative, Financial Services Representative, Financial Advisor, Manager of Customer Service and now Private Banking Associate.

Outside of work, I am a proud member of Toastmasters.
