As a Senior Private Banker, Izabela brings over 15 years of banking experience including more than 9 years of Business Banking, specializing in the most unique and sophisticated needs of the health care professionals.

Izabela holds a Bachelor of Law degree, and prides herself on providing sound quality advice, using behavioural theory to help uncover the value behind your personal vision of success and determine what truly matters to you.

Izabela thinks beyond investment management to help you build your net worth, grow your practice or leave a legacy. She is committed to building sustainable long-term relationship with you, in developing innovative credit and banking strategies tailored to your personal situation and investment solutions that match your current lifestyle and needs.

Over the years, Izabela has developed a specialized understanding of her clientele, helping to ensure personalized service and attention to detail. This focused approach helped her to be very effective in helping to transform client's vision into reality. Working closely with you and a team of TD specialists helps her to ensure that clients are provided with a comprehensive plan, which covers the complexities of tax-efficient planning, cash management, long-term investing, estate and trust services.

On a personal note, she is a dedicated hockey mom of two young boys. As a family, they enjoy travelling and exploring the world or skiing on their favorite mountain at Mont Tremblant.
