After spending nearly a decade in retail banking, Catherine joined TD Business Banking in 2014 as an Account Manager for Business Banking. It was by constantly observing the diverse financial resources of her clientele that she believes helped her to better understand customer needs, to help them achieve their goals. Her business clients came from many walks of life but they had one thing in common: they wanted a more productive use of their time and to have the capabilities to grow, manage and preserve their wealth for the future. As a result of this, Catherine has now joined the TD Wealth Private Banking family as a Private Banker in order to elevate her advice and to continue to help meet her customer's more complex needs. Catherine's priority is to establish a solid long-term relationship with her clients by leveraging her deep knowledge and experience in both retail and business banking.

Catherine has a Bachelor degree in Business administration from the University of Quebec in Montreal. She is fluent in English, French and Spanish. In her spare time, you'll find Catherine swimming in a pool or scuba diving in the ocean whenever she has the opportunity to travel. Mother of a little girl, she understands the importance of a work-life balance and her objective is to help you maintain it by releasing you from a variety of daily financial management tasks.
