

Announcement: TD Wealth President's Club*

At TD Wealth, we are committed to serving the needs of our most important clients – and recognizing the advisors who accomplish this goal with the strongest skill. From more than 1,000 advisors across TD Wealth, we have handpicked our top 30 practitioners to join the President's Club* in appreciation for their exemplary service to our affluent clients.

For the thirteenth consecutive year in a row, your advisor Michael Marcovitz, Senior Vice President and Investment Advisor, has received the President's Club award.

We consider Michael to be one of our most talented practitioners and trusted advisors. Our choice reflects the integrity, dedication and professionalism he brings to serving clients, as well as his ability to consistently help meet and exceed the firm's high standards.

The metrics we consider to be the most significant – positive client feedback and client retention – indicate that Michael is committed to delivering a legendary client experience. With more than 25 years of expertise in financial planning, investment management and tax saving strategies, Michael is dedicated to bringing the best TD has to offer to each and every client.

Michael will continue to be your single point of contact to help provide the high level of investment advice and personalized service you have come to expect, and he will co-ordinate your financial affairs through the firm.

Please join us in congratulating Michael on this exceptional achievement.

Sincerely,

Kevin Barnes

Senior Vice President and Region Head, Metro East Region
TD Wealth

Michael Marcovitz
Senior Vice President
& Investment Advisor
