The Washington Update:

Trade, Healthcare, Elections and More

Guest Speaker: Jeff Bush, Political Affairs Expert

A dynamic and insightful speaker and author, Jeff Bush is known for his unique ability to translate difficult and confusing tax and fiscal information coming out of Washington D.C. into winning growth strategies for business owners, executives and high net worth investors. Jeff is a colleague of Andy Friedman and an integral part of The Washington Update, the industry's **NONPARTISAN** experts on all things Washington.

In the 2012 presidential election, Jeff accurately predicted the outcome 14 months in advance as well as predicting the republican sweep in Congress in 2014. Jeff also predicted the fiscal cliff outcome that led to the single largest tax increase in dollar terms in US history. In the 2016 congressional elections, Jeff predicted Senate control would follow the White House. Most recently, Jeff accurately predicted the Democrat takeover of the House of Representatives and the Republicans continued majority in the Senate in the 2018 mid-term elections. This advice gave investors and their professional advisors and an opportunity to prepare for the political changes that would impact their bottom line.

Jeff presents more than 200 times yearly in the US and abroad to a client base that includes a who's who list of fortune 500 firms from Wall Street to Main Street and everywhere in between.

Jeff is a 30-year veteran of the financial industry. By the end of his career on Wall Street, he was managing a \$50+ billion sales organization. Before that, Jeff was the youngest managing partner in the 150-year history of The New England Financial.

You may have seen Jeff on CNBC's Nightly Business Report or heard him on POTUS XM radio. But today we have Jeff here with us.
