

## TD Wealth President's Club

At TD Wealth, we are committed to providing the very best service to all of our clients. Every year, we recognize a small number of advisors, from across the country, by honouring them as part of the TD Wealth President's Club. In 2020, we selected only 31 top advisors, from the more than 700 across TD Wealth, that best represent our commitment to clients.

I am pleased to announce that Mike Anderssen is on the 2020 President's Club recognition list. I consider Mike Anderssen to be one of our most talented and trusted advisors. He consistently demonstrates a commitment to TD's core values. These include integrity, dedication and professionalism when serving clients, as well as the ability to consistently meet and exceed the firm's high standards on all measures of performance, including sales revenue.

When selecting our President's Club award winners, we look for advisory teams that, in addition to running a successful practice, foster positive client feedback, retention and loyalty, and take a leadership role in defining industry best practices. Mike is exceptionally committed to delivering the best TD has to offer and we are grateful to him for his contributions to our business.

Please join me in congratulating Mike and the team on this achievement.

Sincerely,

A handwritten signature in black ink, appearing to read 'C Meeds'.
